

## Trifecta's ITAD Offerings

With nearly two decades of experience in lifecycle management, Trifecta is built to support your IT asset disposition (ITAD) needs from start to finish:

- We take a customized approach to scoping your project and assessing your equipment to identify what can be remarketed and what needs to be destroyed and recycled
- As a leader in the pre-owned market, no one is better positioned to maximize value to you than Trifecta
- Our 100% commitment to data security is tailored to your specific needs and ensures all data is erased according to industry standards. You receive the reporting you need to be compliant
- Trifecta's expert and reliable project management processes remove all hassles and cover all logistics so that you can focus on running your business

VALUE RECOVERED  
**\$300M+**

UNITS RESOLD  
**3M+**

**1.5M+ LBS.**

### Smart Hands/Logistics

- › Process design, planning and hassle-free project management
- › White glove de-installation (packing/crating/shipping) and secure chain of custody
- › Sort and settle with detailed audit reporting
- › National reach, customized programs on your schedule
- › Highly cost effective

### Data Security

- › On/off-site data erasure
- › Data/drive destruction in secure facilities
- › Compliant with NIST standards
- › Expertise across all OEMs/platforms
- › Serialized reporting, chain of custody preservation and certificates of destruction

### Remarketing

- › Receive top dollar for your IT hardware (networking, servers, storage, VOIP)
- › Data wiped clean and returned to factory defaults in ISO001:2008-certified facility
- › Cash or credit offers and consignment programs

### Responsible Recycling

- › Assets deemed to have no value or that are required to be destroyed are responsibly recycled
- › Highly compliant solutions offered through eSteward or R2-certified downstream partners

**Transparency is in our DNA. We assure you the highest level of security, the most thorough auditing process, and the best ROI in the industry. Consider us your total ITAD solution provider.**
