Hardware Solutions

TRIFECTA NETWORKS

Certified Pre-Owned Solutions

Cisco	Extreme Networks	Avaya	Adtran	Polycom

Features and Benefits of our CPO Program:

- Rapid quoting
- Up to 90% off MSRP
- Massive inventory
- Staging and configuration
- 85% of orders ship within 48 hours
- Pre- and post-sales customer support
- Lifetime warranty
- Unsurpassed visual and technical equipment quality

Trifecta "Five Star" Certification Process

1 **Quality Controlled Supply Chain:** all equipment sourced only from vendors who've passed our rigorous credentialing process and with whom we have long-standing relationships

2 **Comprehensive Physical Audit & Inspection:** our team of certified engineers performs a comprehensive inspection of each piece of equipment to confirm authenticity and screen for signs of tampering or damage

3 **Board-Level Inspection:** modules and interface boards with exposed circuitry are inspected and disassembled if necessary to identify damage, unauthorized repair work and authenticity

4 **Functional Testing:** using our automation software and proprietary error-check scripts, diagnostic tests are performed on all ports and interface slots

5 **Finishing & Packaging:** all equipment is stored in our state-of-the-art ISO certified warehouse until it is expertly packed and shipped with accessories matching OEM standards (rack mounts, cables, blanks, etc.)
