

Trifecta Networks is your single source IT partner committed to providing you with quality service and hardware at every stage of the IT lifecycle to maximize the return on your IT investment.

HARDWARE SOLUTIONS

Cisco Certified Pre-Owned Hardware

Trifecta stocks the latest gen, factory-sealed, certified pre-owned, and legacy Cisco equipment—ready to ship at up to 90% off MSRP. All hardware is backed by our industry-leading Lifetime Warranty with advanced replacement.

Authorized Hardware

Through our partnerships with leading OEMs such as Juniper, Aruba, Palo Alto, Fortinet, and Eaton, Trifecta gives you direct access to the latest networking, security, and infrastructure technology—delivered at highly competitive prices with expert support every step of the way.

Dell Server & Storage Solutions

Trifecta is a stocking reseller of Dell servers and storage arrays. Whether you need something current generation with a Dell warranty or legacy hardware with our recertified warranty, we have a customizable solution for you.

Cables & Optics

Trifecta stocks a full range of networking hardware and accessories. Our inventory includes DAC, AOC, CAT6–CAT8 cables, fiber optics, bulk cable, rack mounts, and more—ready to ship to support your IT infrastructure needs.

SERVICES SOLUTIONS

Professional Services

With product and networking expertise to support all major OEMs and environments, we deliver top tier professional services. Our wide range of service type offerings and SLA's will support all your business's IT needs.

Warehouse Services

Trifecta streamlines IT asset lifecycle management with ISO-certified warehousing and logistics. Our team provides secure storage, staging, configuration, and deployment—scaling to fit any project while extending your operations seamlessly.

Third Party Maintenance

Tri-Net offers a flexible alternative to costly, rigid manufacturer maintenance, extending support for your assets beyond their warranty or service agreement. This customized solution helps maximize ROI and extend the lifecycle of your hardware.

IT Asset Disposition

Trifecta helps you recover maximum ROI on decommissioned network equipment with ease. We handle the entire process of retrieving your unused hardware and turning it into cash or credit—making it simple, secure, and rewarding for your business.
