

**We take a hybrid approach to IT hardware and software**, combining certified pre-owned networking equipment with the latest solutions from our authorized partners, including Dell servers and storage arrays. As a licensing and software integrator, we help streamline license management while ensuring ongoing support, compliance, and a cost-effective, long-term IT strategy tailored to your needs.

## CISCO CERTIFIED PRE-OWNED HARDWARE

Trifecta offers an extensive inventory of surplus factory-sealed, certified pre-owned, and legacy Cisco equipment—available to ship immediately at savings of up to 90% off MSRP, all backed by our Lifetime Warranty.

### Trifecta's 5-Star Certification

Our rigorous five-step quality control and certification processes guarantee that every piece of pre-owned equipment from Trifecta meets the highest standards of quality and reliability giving you unmatched peace-of-mind.

### Lifetime Warranty

All 5-Star Certified Cisco equipment comes with our industry-leading advanced replacement Lifetime Warranty, ensuring you that Trifecta stands 100% behind all pre-owned equipment we offer for as long as you own it.

**The Green Solution**

## AUTHORIZED HARDWARE

Trifecta's partnerships with leading OEMs give you access to the latest technology and top products at competitive prices.

### Networking & Infrastructure

Trifecta leverages strong OEM partnerships with industry leaders like Juniper, Aruba, Palo Alto, Fortinet, Eaton, and APC to deliver trusted networking, security, and power solutions tailored to your business.

### Dell Storage & Servers

Trifecta delivers the entire Dell portfolio, from current servers and storage to legacy generations, custom builds, HCI Solutions, and support from Dell Certified experts.

### Cables & Accessories

Trifecta stocks a full range of networking hardware and accessories. Our inventory includes DAC, AOC, CAT6–CAT8 cables, fiber optics, bulk cable, rack mounts, and more – ready to ship.

### Software & Licensing

Trifecta makes license management easy while helping you save money and stay connected — from Adobe Suite and Microsoft 365 to Veeam, Azure, Defender, Intune, Power BI, Visio, and more.
